PROFESSIONAL EXPERIENCE

Frontend Developer

Iljm Global Limited | 2024 - Present

- Built responsive and pixel-perfect UIs using React, Next.js, Tailwind CSS, and TypeScript
- Collaborated with UI/UX designers to ensure design fidelity and a smooth user experience
- Integrated RESTful APIs, handled authentication flows, and implemented form validation with Zod
- Improved performance by code-splitting, lazy-loading components, and optimizing images
- Delivered features like custom dropdowns, modal systems, and dynamic routing with react-router-dom and Next.js file based routing system

PROJECTS

Vettme

Physical and digital employee verification platform
Tech: React, Vite, Typescript, Tailwind, ShadCN, Zod, API integration

- Built features like physical verification with geolocation, guarantor forms, and professional vetting
- Implemented form validation, user onboarding, and role-based access control

Timbu Cloud Shop

E-commerce frontend with API integration
Tech: React, Next.js, TypeScript

- Implemented product listing, search, cart and checkout flows using real APIs
- Worked on Help Center page with full responsiveness and reusable components
